UNPARALLELED SMOOTHNESS AND EFFICIENCY

With it's unique splined core, Xtreme delivers unparalleled smoothness and efficiency - with hardly any lost motion - even in the longest and most complex cable routes. This gives superior feel at the control with performance that until now was considered 'impossible'.

Features

- Xtreme's unique design incorporates a patent-pending spline core which allows easy movement and minimum lost motion
- Designed for complex and/or long cable runs (or to simply create a superior feel)
- Available in several style options avoiding the need for adaptor kits
- All Xtreme cables are available in 1ft increments
- Gen II type suits Mercury 4000 series controls
